Find Your Favorite Files & Apps In One Place

Microsoft 365

Microsoft 365 is a cloud-powered productivity platform that includes apps such as Microsoft Teams, Word, Excel, PowerPoint, Outlook, OneDrive, and more.

You can begin with free web and mobile versions or upgrade to a premium plan for additional apps, storage, and features.

Microsoft 365 is the productivity cloud designed to help you achieve what matters most—in both work and life—by combining best-in-class Office apps, intelligent cloud services, and world-class security.

Find your favorite files and apps in one place

Quickly access Word, Excel, PowerPoint, and more to start working from any device.

Streamline your work

Use Microsoft365's smart recommendations to identify what needs your attention and guide you toward the best next step.

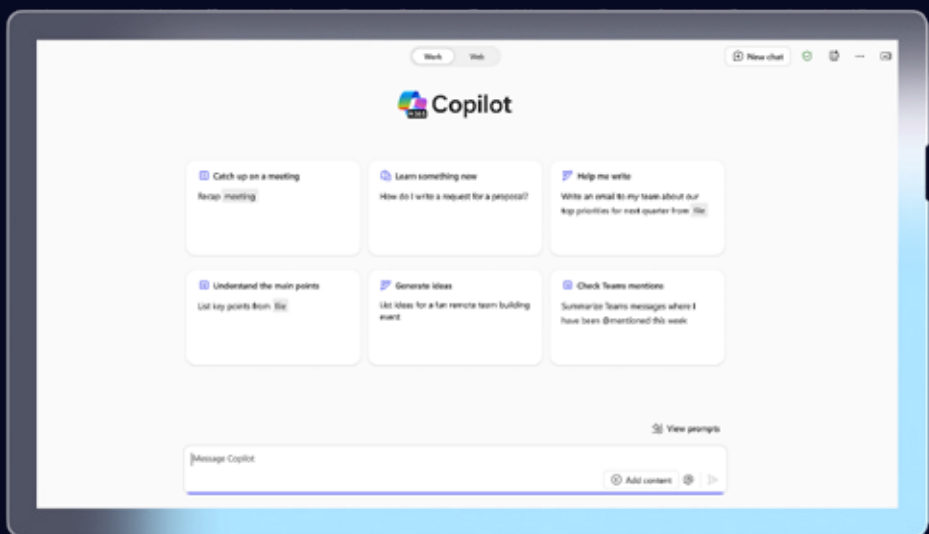

Work seamlessly across devices

Pick up where you left off—on desktop, browser, or mobile—to securely access your files, photos, and videos.

Work Smarter With AI

Microsoft 365 Copilot is now seamlessly integrated into Word, Excel, PowerPoint, Outlook, and Teams.

Whether you're summarizing email threads, analyzing complex spreadsheets, drafting proposals, or capturing key meeting highlights, Copilot is your AI teammate—helping you achieve more with less effort, all while your data remains protected by Microsoft's enterprise-grade security.
